STEEL AND ALUMINUM TRUCK BEDS AND SERVICE BODIES

WWW.CMTRUCKBEDS.COM

BUILT TO WORK. BUILT TO LAST.

CM Truck Beds offers the industry's most rugged, durable and best-looking truck beds and service bodies. We're proud to be the product of choice for commercial fleets and work truck users. Whether you're looking for a steel flat bed, a specialty bed, a heavy-duty aluminum bed, or a versatile service body, CM Truck Beds has a product to meet your needs and exceed your expectations. Our diverse lineup will fit almost any cab and chassis or take-off body unit.

MOST OF OUR TRUCK BEDS AND SERVICE BODIES INCLUDE:

- Best-In-Class Rated B&W Trailer Hitches
- Premium TexArmor Powdercoat Finish (Steel Models)
- T-Handle Compression Toolbox Latches
- 3/8" Rubrail & Stake Pockets on many models
- Optronics LED Lighting with Lifetime Warranty
- Plug & Play Modular Sealed Wiring Harness
- 1/8" Steel Treadplate Decking
- 3" Steel Crossmembers
- Service Bodies Feature Component-Style Configuration
 - Easier to Customize, Maintain and Repair

With the best on-hand inventory, exceptional lead times and industry-leading quality, count on CM Truck Beds as the platform for your success, now and long into the future.

THE DIFFERENCE IS CLEAR

OUR ENGINEERS WORK HARD TO ADAPT TO THE EVER-CHANGING STYLES OF OEM CHASSIS MANUFACTURERS, SO YOU'RE NOT JUST GETTING DURABILITY, BUT ALSO OPTIMUM USABILITY. QUITE SIMPLY, WE'RE COMMITTED TO PROVIDING A LEVEL OF QUALITY YOU CAN FEEL GREAT ABOUT, AT A VALUE THAT'S UNSURPASSED.

BEST-IN-CLASS RATED B&W HITCHES

While some manufacturers install hitches that are untested and carry rating loads untested, CM Truck Beds come standard with B&W hitches that are proven to withstand the heavy loads our beds tow. Each attachment point comes with quality electrical connections, ensuring that you tow with safety first.

WARRANTY-PROTECTED LED LIGHTING

When safety counts, count on CM Truck Beds. We utilize the safest, easiest-to-maintain lights on the market. LED lights are brighter, light up instantaneously, make for easier maintenance, and come with a standard lifetime warranty from Optronics.

TEXARMOR POWDERCOAT FINISH (STEEL MODELS)

While other companies stick to paint, CM coats every steel product with a super-durable powdercoat primer followed by a high-gloss TexArmor powdercoat finish. We go under every edge and cover every crevice to ensure your truck bed is protected. This superior finish adds a shine that will last for many years.

EXTRUDED ALUMINUM FLOORS (ALUMINUM MODELS)

How's this for tough: Our extruded aluminum floors have a weight rating of 800 pounds per square foot. Some say aluminum is weaker; we say they're just doing it wrong. (Not standard on AL ER Models.)

SINGLE-PIECE SQUARE TUBE HEADACHE RACKS

Clearly the toughest, heaviest square tube headache racks in the business. You won't see breaks, cuts or pieced-together parts in our racks; built from a single piece, they're indestructible. When the unexpected occurs, count on our headache racks to keep you safe.

3-PIECE PLUG & PLAY MODULAR SEALED WIRING HARNESS

We understand that our beds are exposed to harsh conditions that oftentimes cause wiring to corrode, pull apart or deteriorate. CM Truck Beds wiring harnesses are designed for durability in even the most challenging conditions.

SS

The sleek SS—CM’s price-leading model—comes equipped with a best-in-class tubular steel headache rack, smooth side rails, and a solid one-piece rear skirt.

RD / ALRD

Tough enough to haul the big loads, the popular RD models are expertly designed, professional-grade workhorses that are sized to fit almost any unit.

FEATURES AND OPTIONS

LENGTHS	84", 8'6", 9'4", 11'4"
HEADACHE RACK	Steel Tube
HEADACHE RACK LIGHTING	Clear LED Oval

VERSATILITY FOR EVERY BODY

CM TRUCK BEDS SERVICE BODIES ARE THE MOST VERSATILE ON THE MARKET TODAY. WHATEVER THE APPLICATION, CM HAS THE RIGHT SERVICE BODY AVAILABLE AND READY TO BE DELIVERED FASTER THAN ANY BODY. COMPONENT-STYLE CONFIGURATIONS ALLOW FOR EASY CUSTOMIZATION, AND THE BEST WARRANTY IN THE INDUSTRY ENSURES YEARS OF RELIABLE USE.

COMPONENT-STYLE CONFIGURATION

Go ahead, put our products through the wringer: Unlike many in the industry, our component bodies are bolted together, which makes repair and maintenance far easier. Need a different configuration? Customization is as simple as unbolting the part you want to change.

DURABLE POWDERCOAT FINISH

While other companies stick to paint, CM Truck Beds coats every Service Body we make with powder. Using the highest quality powder-coat finish, we go under every edge and cover every crevice to ensure your service body is protected. This superior finish also adds a shine that will last for many years.

GAS CYLINDER DOOR SHOCKS

We don't use simple springs, we use the finest gas shocks on the market today. Even when your hands are full, our gas shocks allow you to easily open and close our doors.

HEAVY-DUTY REAR TAILGATES

All Service Bodies from CM Truck Beds feature tailgates that are tough enough to keep materials inside the deck where they belong. Need to step to get in a bed? No problem: These tailgates are rated at over 400 pounds, supporting even the largest operators to gain access.

DECKS

Our best-in-class steel decks provide a solid foundation for ensuring our bodies will live up to the rigorous expectations of our customers. We not only start with a strong deck, but also coat it with our super-durable Black Lava deck coating, which enhances the overall performance of our Service Bodies.

AUTOMOTIVE STAINLESS-STEEL ROTARY LATCHES & D-BULB WEATHER-STRIPPING

Toolboxes carry a worker's best friend: his tools. To protect them, our toolbox doors feature heavy-duty rotary latches, and are sealed with D-bulb weather-stripping to ensure that no moisture gains entry. So your tools are not only safe, but also safely out of the elements.

LED REAR LIGHTING WITH WIRING HARNESS

When safety counts, count on CM Truck Beds to take care of you. We utilize the safest, easiest-to-maintain lights available. LED lights are brighter, light up instantaneously, and make for easier maintenance.

4-YEAR / 48,000-MILE WARRANTY

Some companies say they stand behind their products; we put it in writing. While the industry standard is to only warranty a body for a period of 36 months, we're happy to go above and beyond and offer a 48-month warranty. We recognize what an investment a Service Body can be and we want you to know that we're with you for the long haul.

SB STEEL SERVICE BODY

CM Truck Beds' SB model is America's ultimate utility hauling Service Body. Often copied, the SB is unparalleled in quality, with long-lasting hardware and remarkable durability.

Gain added peace of mind from CM Truck Beds' **4-Year / 48,000-mile Warranty and 6-Year No Rust Guarantee** on all Steel Service Bodies
